## Experience

### UI Designer

InFlight Corporation

Apr 2018 – Present

Waterloo, ON

- Worked with clients such as Cox Enterprises, City of San Francisco, Hyatt Hotels, Wynn Resorts, and many others to reimagine and modernize their software platforms
- Launched a brand new showcase platform with a custom CMS which drastically reduced the cost to build and maintain a design
- Created winning HR, eProcurement, and job search portal designs helping the company secure over \$1 million in contracts with Cox Enterprises and City of San Francisco

### Content Designer

Brand.ai, An InVision Company

May 2017 – Aug 2017

New York, NY

- Developed a series of onboarding content for Brand.ai's Sketch plugin software to showcase its capabilities

### Founder

Tagger Solutions

Apr 2013 – Dec 2016

Toronto, ON

## Selected Projects

### Career Portal

Cox Enterprises

Launching Dec 2018

- Led the comprehensive design of the new Cox Careers platform which will be launching soon and serving millions of job applicants per year

### eProcurement Platform

City of San Francisco

- Designed an eProcurement platform from the ground up which resulted in the client signing a \$150,000+ software redesign contract
